Rob - I'm so sorry we lost contact over the years, but I was lucky to have had the opportunity to work with you all those years at Dunbar. You were the best joke-teller ever; you could even make a knock-knock joke funny. You were also one of the nicest, most classy people that I ever met. I did your route a few times on your days off and the first thing everybody said was, "Where's Rob?!". They all asked that because they all really liked you and looked forward to your daily visit. I didn't think I'd ever be sending you flowers, but here I am, sending you flowers. It was a pleasure knowing you and you will missed by everyone, my friend.

Dad I have so many memories of you but some of the best ones were when we went fishing. The time where a big carp took your pole off the wall and into the water when you were fixing my pole because I got snagged up and you got all pissed off but we got it back lol or the time you went to grab Rick's carp and you fell in lol and when I first got together with dawn and you gave us a ride on your new boat you hit the tilt and just about threw me overboard lol. Dad so much is gonna be missed by you being gone. I know you will always live on forever in my heart and be here for me to get me through hard times or when I just need you. Thank you for teaching me so much. I see alot of you in me just on how you did things or how you were. Dad... me,morgan,riana,dawn and austin are gonna miss you until the day we see you again. RIP i love you dad
