Linda, It is so hard to loose a parent. You know you are getting up there when you start to read the death notices! I remember all the sleep overs that we would have at your house. Your mom was a saint to put up with all us girls and all the noise. Please know that you and your family will be in my thoughts and prayersz-I will have my fourth graders remember you today in their morning prayer- Take care-when things settle down I would love to hear how things are in your life.
