Charlie - I will never forget your smile and our conversations. 31 years have passed since we first met each other and it seems like just yesterday we introduced ourselves in the parking lot of the funeral home. Watching you pull-up in that white van ... we knew we had nothing to worry about as all would be fixed in less than an hour. Thank you for all you've done for me and my family over the years. We will see each other again my friend. Rest easy...
